CHOOSE YOUR DISTANCE

Take on a 2.5km, 5km, or 10km walk – whichever suits you best.

Our path loops around, so even if your crew chooses different distances, you can still stroll side by side.

One lap equals 2.5km, two laps make 5km, and four laps add up to 10km of picturesque wandering.

The route is made for everyone! There'll be entertainment, water refill stops and toilets on the route for you.

It's fully paved, perfect for pushchairs and wheelchairs, and there will be signposts and marshals throughout to keep you on track.

Please note that Battersea Park and the route is still open to the public on the day.
